

2021 GITC PRESS RELEASE

Carencro, LA – August 10, 2021

After several discussions with multiple City of Carencro Departments and other interested parties we have come to the realization that our 2021 Glow in the Cro Balloon Festival is in jeopardy of becoming an unsafe event for us to hold. If we cannot be assured of providing a safe, fun, family event for the public we will not take an unnecessary risk and put the public as well as our staff in a potentially hazardous situation. As a result of this situation we have decided to cancel our 2021 event. We are starting planning now for our 2022 event and hope we can once again provide this great event for everyone to enjoy. Thank you to everyone who has helped so far and to those whose excitement for this event kept us working diligently to host it again.

For more information please contact Frank Wittenberg at Pelican Park at (337)896 – 5000, option 4 or at pelican parkcarencro@gmail.com
